

## **The Magician's Den**

The **Magician's Den** is a space of exceptional clarity where awareness of the instinctual, the innovative, the not-quite-yet-known will be fast-tracked.

The magician does not exist as an individual. Judith Seelig uses her skills to create an energy field as potent as the forces that made the shaman. Entering the magician's den is to participate in a three-act event – which begins before the event in asking '*What do I want to invite into my life, to co-create, to change or to live differently?*' This might be for yourself, for projects personal or professional, or for humanity at large.

The idea of the Magician's Den is to first make yourself empty, then be open to the new. To receive in silence.

There is mingling (including the shaman), sharing, introducing, listening, speaking, networking after the Magician's Den.

The **Magician's Den** is next taking place on Thursday, **24<sup>th</sup> September**, 7-9pm, in Fulham Broadway, London. Please contact Lucia Bardoul on 01252 712952, or [lucia@alchemyincompany.com](mailto:lucia@alchemyincompany.com) to find out more or register.
